EXPERIENCE

Behavioral Coding Annotator

03/2021 – 04/2021

HUBBS Texas A&M

College Station, Texas

- Collaborated with graduate level students to better understand how pause duration, shimmer, loudness, and jitter can affect anxiety levels
- Annotated over 80 audio files, transcribing and scaling anxiety levels based on vocal factors
- Used a combination of Excel and an online program to transcribe, whilst recording all completion progress

Aggies for LATINX Politics, Heritage, and Arts Secretary

04/2021 – Present

Texas A&M University

College Station, Texas

- Maintained all records of the organization and documented notes at all meeting and events
- Collaborated with fellow executive board members to maintain and further the growth of the organization
- Organized all meeting locations through reservations, as well as organized all meeting materials and equipment prior to them

Psychology Moral Development Lab Research Assistant

08/2021 – Present

Texas A&M University

College Station, Texas

- Collaborated with four other members of the lab to plan meeting times, division of lab work, and general data discussions
- Transcribed audio files and precisely checked the quality of the original transcripts
- Practiced qualitative inductive coding
- Increased knowledge in the field through weekly feedback from PI and fellow RA's improving my comprehension and data analysis abilities

Regents Scholars Initiative Intern

08/2021 – Present

Texas A&M University

College Station, Texas

- Served as a mentor to 15 freshman first-generation students
- Worked with 5 other mentors to engage in teaching, planning, and job task trainings
- Educated mentees about on campus resources including academic, health, and financial services
- Engaged with mentees biweekly through lectures and interactive activities
